

Scott provides 30-minute music sessions in Pre-School on Tuesday or Wednesday each week. He sees each child once a fortnight. We use fundraising to pay for these sessions, which we value very highly.

During each session, confidence is built through pretend play activities which are integrated with world music, vocal development, storytelling, listening, movement, instrument play and literacy aspects.

Through the safe and welcoming atmosphere which Scott provides, the children feel free to explore their many voices and develop speech and language in these lovely music classes. It is also somewhere they laugh and have fun in a relaxed environment. We find that the classes are of great benefit to the development of early language, including those children who are learning to speak English in addition to their home language.

You can find out more about Kindermusik classes at www.kindermusikbyjan.co.uk

Using bells to keep a rhythm.

Having some fun!
